THE MISSION

of the Department of Education is to prepare candidates for a North Carolina Standard Professional I Teaching License with a liberal arts foundation. The Department of Education prepares highly qualified teachers who will contribute to the teaching profession and positively impact students in the public school system. Teachers who complete our program have broad perspective; think critically, reflectively and creatively; are humane and committed to meeting the learning needs of all students; and guide students using active inquiry to become effective and productive citizens in the 21st century.
