Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Additional guidance on reporting race and ethnicity data.

Total number of students enrolled in 2012-13:	108
Unduplicated number of males enrolled in 2012-13:	28
Unduplicated number of females enrolled in 2012-13:	80

Section I.d Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2012-13.

Average number of clock hours of supervised clinical experience required prior to student teaching	60
Average number of clock hours required for student teaching	480
Average number of clock hours required for mentoring/induction support	0
Number of full-time equivalent faculty supervising clinical experience during this academic year	13
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	0

Number of students in supervised clinical experiences during the academic year: []

Please provide any additional information about or descriptions of the supervised clinical experiences:

Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2012-13. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Section I.f Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2012-13: 77

2011-12: 77

2010-11: 83

Section II Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(II), §206(a))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2012-13

Did your program prepare teachers in mathematics in 2012-13?

Yes

How many prospective teachers did your program plan to add in mathematics in 2012-13?

5

Did your program meet the goal for prospective teachers set in mathematics in 2012-13?

Yes

Description of strategies used to achieve goal, if applicable:

The Department of Education and Department of Mathematics faculty worked together to advise students and explain the benefits of teacher licensure.

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Department of Education faculty are investigating numerous teacher recruitment strategies and providing the necessary budgetary support for this.

Provide any additional comments, exceptions and explanations below:

Academic year 2013-14

Is your program preparing teachers in mathematics in 2013-14?

Yes

How many prospective teachers did your program plan to add in mathematics in 2013-14?

4

Provide any additional comments, exceptions and explanations below:

Academic year 2014-15

Will your program prepare teachers in mathematics in 2014-15?

Yes

5

Did your program meet the goal for prospective teachers set in science in 2012-13?

Yes

Description of strategies used to achieve goal, if applicable:

A faculty member from the Department of Chemistry has been working as the program coordinator for the science licensure program. This provides greater recruitment opportunities.

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

The Department of Education has requested a full-time STEM faculty position.

Provide any additional comments, exceptions and explanations below:

Section II Assurances

Please certify that your institution is in compliance with the following assurances. (§205(a)(1)(A)(iii), §206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

Yes

Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

Prospective general education teachers are prepared to provide instruction to students with disabilities.

Yes

Prospective general education teachers are prepared to provide instruction to limited English proficient students.

Yes

Prospective general education teachers are prepared to provide instruction to students from low-income families.

Yes

Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

Describe your institution's most successful strategies in meeting the assurances listed above:

Faculty engage in regular meetings with public school partners. During these meetings, partners provide input regarding school system needs, ideas related to departmental policies, and information aimed at assisting the department in implementing licensure program changes and improvements.

General education teachers are prepared to teach students with exceptionalities through study of legislation, policies, and practices as they pertain to educating diverse learners. They study the characteristics of students in major groups as defined by IDEA (particularly learning disabilities, developmental delay, autism spectrum disorder, emotional/behavioral disorder, giftedness) and strategies for teaching them. They are required to reflect on these types of learners in their field placements.

Candidates are required to plan three-level differentiation in lesson plans and reflection upon success/failure of their implementation during clinical placements. They are required to provide justification of developmental appropriateness in planning, delivering, assessing, and reflecting on instruction. Candidates indicate with what specific types of diverse learners they work during field experiences throughout their licensure program, and then complete a plan during student teaching which requires them to work with any types of students they have not encountered before.

All program completers, 2012-13	31	31	100
All program completers, 2011-12	12	12	100

Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State
NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- Yes
- use technology effectively to collect data to improve teaching and learning
Yes
- use technology effectively to manage data to improve teaching and learning
Yes
- use technology effectively to analyze data to improve teaching and learning
Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Core technologies are introduced to all candidates in a hands-on introductory educational technology course with additional technologies and reinforcement of existing technology skills integrated within each program across the Unit.

Candidates collect and analyze data related to teaching and learning during their capstone and student teaching experiences. They demonstrate and are assessed on their understanding of the principles of universal design for learning by lesson planning artifacts and in-field demonstration of differentiated instruction.

Candidates are introduced to technology-based assessment techniques to be used to assess student learning.

Section VI Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare general education teachers to:

- teach students with disabilities effectively
Yes
- participate as a member of individualized education program teams
Yes
- teach students who are limited English proficient effectively
Yes

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

General education teachers are prepared to teach students with exceptionalities through study of legislation, policies, and practices as they pertain to educating Exceptional Learners; characteristics of students in major groups as defined by IDEA (particularly learning disabilities, developmental delay, autism spectrum disorder, emotional/behavioral disorder, giftedness) and strategies for teaching them; other student characteristics not necessarily related to IDEA (ADHD, 504 plans, low-performing students); and differentiation strategies.

Strategies for educating English Language Learners, include instruction in the use of differentiation in lesson planning, particularly SIOP; examination of literature on children in poverty (Gloria Ladson-Billings, Gorski) and reflection upon field experiences involving children at a range of socioeconomic statuses.

Candidates indicate with what specific types of diverse learners they work during field experiences throughout their licensure program, and then complete a plan during student teaching which requires them to work with any types of students they have not encountered before.

All licensure candidates take a course that is focused on teaching diverse learners in a general education classroom. They also interview and inclusion teacher in their clinical placement.

Does your program prepare special education teachers to:

- teach students with disabilities effectively
NA
- participate as a member of individualized education program teams
NA
- teach students who are limited English proficient effectively
NA

Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

The program does not prepare special education teachers.

Section VII Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

As a liberal arts University, all undergraduate licensure students major in a content area at UNC Asheville while earning a teaching license through education coursework and fieldwork. Each of our candidates complete six state-required evidences demonstrating outcomes in the areas of breadth of content knowledge in the specialty area; depth of understanding and application of content knowledge in the specialty area; effective design of classroom instruction based on research-verified practice; knowledge, skills, and dispositions in practice; positive impact on student learning; and leadership and collaboration.
